Since our last project status report of June 30, 2003, construction on the above referenced project I approximately 80% complete. Grade Protection Funds for construction totaling \$42, 826.80 have been received to date.

The bridge deck has been set and bridge rail has been installed. The final earthwork, granular embankment, and seeding should be completed within the next few weeks.

If you have any questions, please give us a call. Thank you.

Yours very truly,
